

RAK Ceramics translucent mega slab collection - Luce was awarded Best Innovation 2021 at the TTA Awards held in Birmingham, UK. This exclusive collection that received tremendous interest since its launch during the 2019 Cersaie, is one of RAK Ceramics premium products. It replicates the graphics and colors of natural marble with the elevated aesthetic when enhanced with backlighting technology.

Run by The Tile Association, TTA Awards celebrates and recognizes the best in the wall and floor tiling industry in the UK, including outstanding products, people, businesses, and projects.
