RAK CERAMICS LAUNCHES RAK-VARIANT, AN INNOVATIVE WASHBASIN SYSTEM, MADE TO IMAGINE

Italian design duo Daniel Debiasi and Federico Sandri collaborated with RAK Ceramics to design **RAK-Variant (2019)**. Their collaborative work focuses on designs that does not only stand on their own, but is a part of a bigger picture, integrating them to be part of the environment as a whole. They have created for RAK Ceramics, a new washbasin system that opens up limitless possibilities for customized solutions, featuring countertop, drop-in and under counter washbasins. Different shapes and different sizes that allows architects and designers to have the freedom to explore new solutions in designing their bathroom projects.

The creation of RAK-Variant is part of RAK Ceramics' aim to meet the customer's design needs combining innovation and high quality products. There products are set to hit the markets by the year 2020.
