RAK-PETIT

Small on space, big on style

RAK-Petit is the second chapter of the successful collaboration with Maurizio Scutellà. A transversal collection of small washbasins designed for architects and interior designers who address the theme of small spaces: with minimal shapes and small dimensions, RAK-Petit is perfect for small but special bathrooms and for furnishing elegant public spaces. The collection includes deep-based washbasins that can be installed alone or compatible with RAK-Joy vanities for home use and freestanding washbasins for representative or public bathrooms.

RAK-Petit è il secondo capitolo della fortunata collaborazione con Maurizio Scutellà. Una collezione trasversale di lavamani dalle piccole dimensioni pensata per le esigenze progettuali di architetti ed interior designers che affrontano il tema degli spazi ridotti: forme volutamente minimaliste, dimensioni ridotte per bagni piccoli ma speciali e per arredare eleganti spazi pubblici. La collezione include lavamani dalla base profonda, che possono essere installati da soli o abbinati ai mobili bagno RAK-Joy per uso domestico e lavabi freestanding per bagni di rappresentanza o pubblici.

RAK-Petit est le second chapitre de la coopération fortunée avec Maurizio Scutellà. Une collection transversale de lavabos, pensée pour les exigences de projets d'architectes et de designers d'intérieur qui affrontent le thème des espaces réduits: formes délibérément minimalistes, dimensions réduites pour les salles de bains petites mais spéciales ainsi que pour aménager des espaces publics élégants. La collection comprend des lavabos de base profonde qui peuvent être installés seuls ou combinés avec des meubles de bains RAK-Joy pour usage domestique, et des lavabos sur pied pour les salles de bains représentatives ou publiques.

RAK-Petit es el segundo capítulo de la colaboración exitosa realizada con Maurizio Scutellà. Una colección transversal de pequeños lavabos, diseñada para arquitectos y diseñadores de interior, que aborda el tema de los espacios pequeños: RAK-Petit, con formas minimalistas y dimensiones pequeñas, es perfecta para cuartos de baño pequeños, pero especiales, y para decorar espacios públicos elegantes. La colección incluye lavabos con una base profunda, para instalarse solos o combinados con los muebles de baño RAK-Joy para el uso doméstico y lavabos freestanding para baños de huéspedes o públicos.

RAK-Petit ist das zweite Kapitel der gelungenen Zusammenarbeit mit Maurizio Scutellà. Eine transversale Kollektion von kleinen Waschbecken für die Bedürfnisse von Architektur- und Innendesignprojekten, die sich mit der Thematik kleiner Räume befassen: gewollt minimalistische Formen, kleine Größen für kleine aber spezielle Bäder, sowie für die Einrichtung eleganter öffentlicher Räume. Die Kollektion umfasst tiefe Handwaschbecken, die sowohl allein als auch in Kombination mit Badmöbeln von RAK-Joy für den Hausgebrauch installiert werden können, sowie freistehende Waschbecken für Ausstellungsbäder oder öffentliche Bäder.

RAK-Petit - вторая часть успешного сотрудничества с Маурцио Скутеллой. Широкая линейка коллекции небольших умывальников предназначена для архитекторов и дизайнеров интерьера, которые занимаются темой небольших пространств: с минимальными формами и небольшими размерами. RAK-Petit идеально подходит как для небольших гостевых ванных комнат, так и для создания элегантных общественных пространств. Коллекция включает в себя глубокие умывальники, которые могут быть установлены самостоятельно или в сочетании с мебелью для ванной комнаты RAK-Joy для домашнего использования в гостевых или общественных ванных комнатах.

All ceramic cistern codes refer to bottom inlet version; all washbasin codes refer to one tap hole version, unless differently specified.

Tutti i codici per le cisterne si riferiscono alla versione con carico dal basso; tutti i codici dei lavabi si riferiscono alla versione con un foro, se non diversamente specificato.

L'entrée de l'eau de tous les réservoirs pour nos wc monobloc est positionnée dans la partie inférieure; tous nos lavabos sont prévus avec un seul trou pour les robinets (sauf spécification différente).

Todos los códigos de las cisternas de cerámica se refieren a la versión con entrada inferior; todos los códigos de los lavabos se refieren a la versión con un agujero para grifo, salvo en caso de especificarse de otra manera.

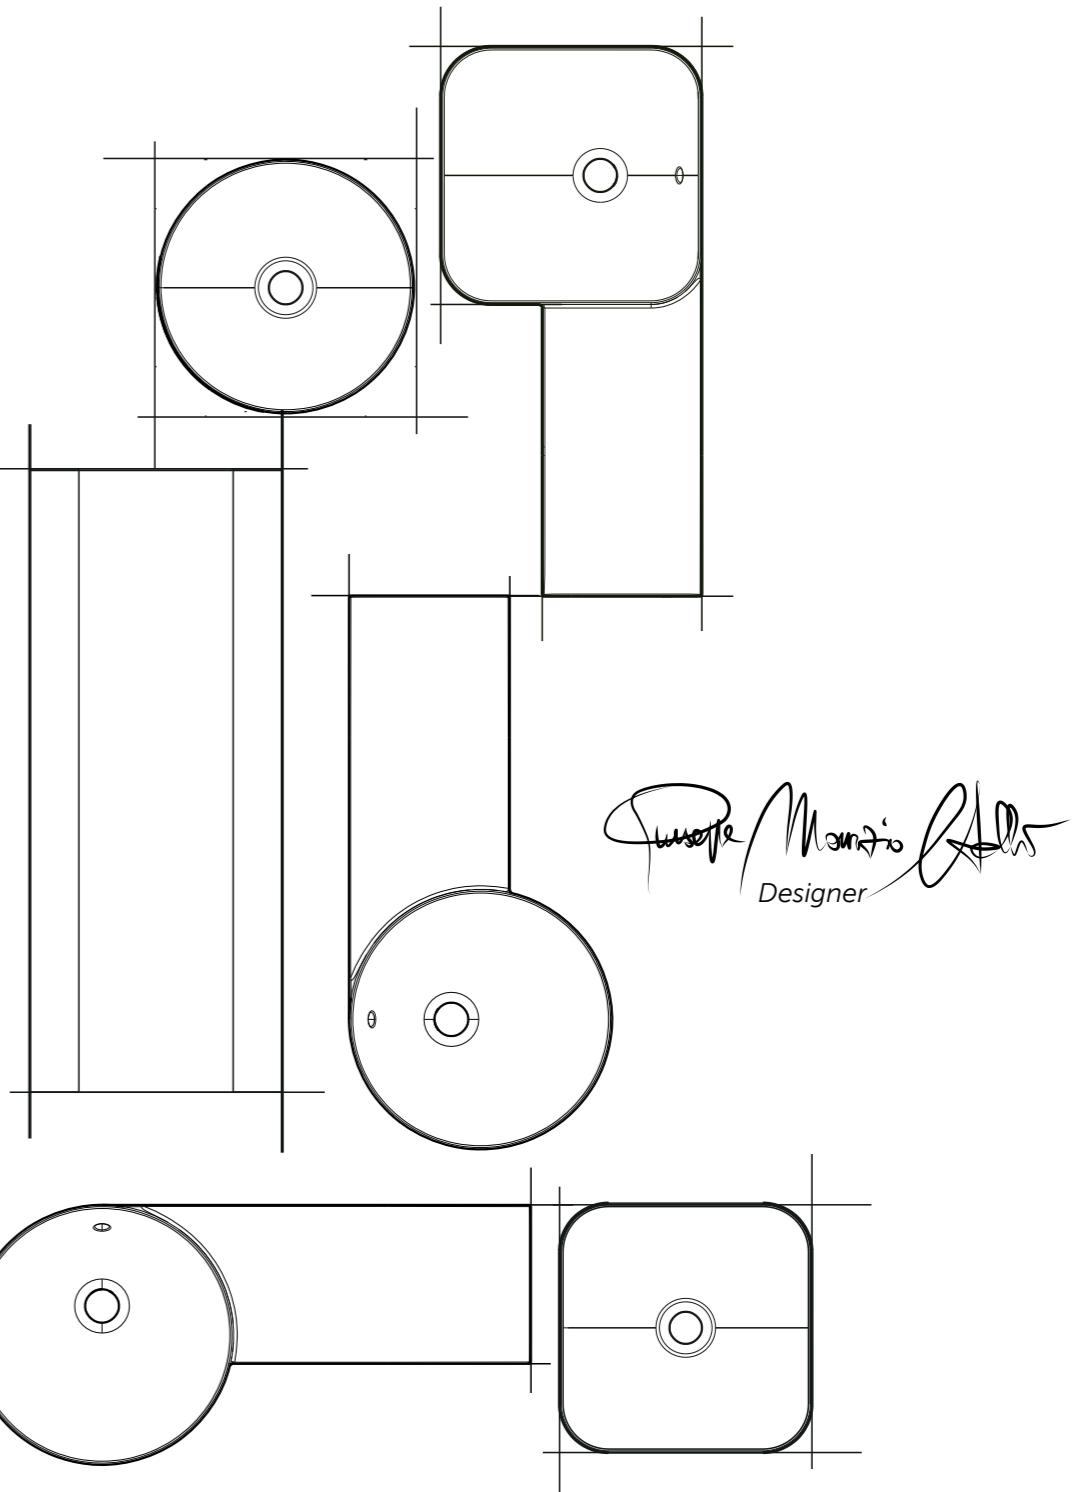

Alle Zuläufe für den Spülkasten befinden sich hinunter Bereichs des WC's; Alle Codes der Waschbecken beziehen sich auf die Version mit einem Loch, falls nicht anders angegeben.

Если иное не указано, все коды для керамического бачка относятся к варианту с впускным отверстием снизу; все коды для раковины относятся к варианту с одним отверстием для крана.

Design Giuseppe Maurizio Scutellà

Giuseppe Maurizio Scutellà was born in Alcamo, Sicily. His collaboration with RAK Ceramics begins with RAK-Cloud (2018), a project that continues the creative thinking of the Italian designer and that integrates perfectly with his other projects such as the collection of lamps "Pirce" by Artemide (Good Design 2008, Red Dot Award 2009, IF Design Award 2010) and the "Metropolis" collection of crystal and ceramic tables by Tonelli Design. RAK-Petit is the second concept developed together with RAK Ceramics (2019).

"I like to talk with the soul of all my projects, discover its history and capturing the most hidden hues of its character, respecting its nature and embracing its languages. It is my way of approaching its magical essence and becoming its interpreter".
