RAK CERAMICS AT KBB 2020 AND EXPO REVESTIR 2020

Here are the highlights of the two successful exhibition participation of RAK Ceramics on the first quarter of 2020.

We thank everyone who visited our stand in KBB 2020 UK last March 1-4 and in Expo Revestir Brazil last March 12-15. We appreciate the overwhelming feedback!

See you soon!

KBB 2020 Highlights

RAK Ceramics showcased its innovative products and concepts in the UK's leading trade exhibition on design and innovation for kitchen, bedroom, and bathroom - KBB 2020. The event was highlighted by the presentation of the complete RAK- Feeling solution that comes in 5 different ceramic glazes, that can be mixed and matched in combinations of water closet, bidet, shower tray, washbasin and push plates.

EXPO REVESTIR 2020 Highlights

RAK Ceramics participated for the first time at Latin America's leading architecture and construction exhibition – Expo Revestir. The protagonist of the exhibition was the presentation of the latest Maximus Mega Slab collection in new and innovative designs as a versatile lifestyle solution. The collection was presented in its different applications such as countertops, wall coverings, and furniture dressing.
